BCC&I TO SET UP TASK FORCE TO SPREAD AWARENESS ABOUT ORGAN DONATION

Kolkata: A panel of speakers at the Bengal Chamber of Commerce and Industry (BCC&I) has emphasised the need to spread awareness on the 'Deceased Donor Programme Cadaver Daan', which is aimed at organ donation and transplantation.

The chamber will set up a task force to raise awareness towards

organ donation and transplantation, in which West Bengal is lagging behind, Chairperson Emeritus of Health Committee, BCC&I, Amit Ghose said. While thousands of patients are anxiously waiting for organ transplants, it has not been generally possible for want of right donors, he said. **PTI**
